

You're Invited To Join Us For Amateur Rocketry's Biggest Event!

Bring the family, and
come join the fun!

Thrills await you, as
amateur rocket scientists
fly their creations several
miles into the sky, some at
speeds over twice the speed of sound!

The 26th annual "Large and Dangerous Rocket Ships"
launch starts on Thursday, July 12, 2007, and runs through
the weekend, ending at 2:00 pm on Tuesday, July 17th.
The name may be tongue-in-cheek, but **the fun and
excitement are real!**

Located just a half hour south
of Vegas on I-15, **Jean Dry Lake**
(near the Gold Strike Casino) is
home to this **FREE** event. There
is no charge for admission, but we
request a \$5 per car parking
donation from spectators, to help
defray the costs of portable toilets,
event permits, and other
expenses.

Shade canopies have been
generously provided by sponsors,
so bring your chairs and ice chest,
and come relax in the shade while
you enjoy a day of rocketry fun!

LDRS 26 runs 7am-7pm each
day (except Saturday 7am-5pm),
and 9-11pm each night.

Don't Miss Out! This event is the Big One!
